For the first meeting, probably 10 am. It might be earlier (9 or 9:30) for the 2<sup>nd</sup> and 3<sup>rd</sup> meetings, as I expect those to be covering more involved parts of the variance.

Also, we may hold some of the meetings outside of Portland, although the first one will be in Portland.

Hi Aaron,  
What time are you looking to hold the meeting on each of these days? I could likely make it down to Portland if we started late enough on at least one of the days I haven't chosen. Thanks for any clarification you can provide!

Trina – I appear to be able to only select dates for which the previous single respondent did not select. I have not experienced this in doodle polls before; perhaps there is a setting on your end causing this?

Thanks
